Legacy of Honor: The Patriarch
Book #1 in the Legacy of Honor trilogy
Larry A. Freeland

What follows are some reasons why businesses involved in selling books will want to carry "Legacy of Honor: The Patriarch" and readers/customers will want to purchase the novel:

If you enjoyed reading *All Quiet on the Western Front* and *We Were Soldiers Once and Young*, you will love *The Patriarch*.

This is a story about character, courage, honor, friendship, sacrifice, and love, written as historical fiction and told in first person through the experiences of Sam McCormick, a doughboy in WWI.

The Legacy of Honor trilogy begins with "The Patriarch," a gripping tale of war, love, and the struggles of returning home. Set during World War I, Sam McCormick, a member of the Ohio National Guard, joins the Rainbow Division and is sent to France. He faces the brutal realities of war, including gas attacks and terrifying battles. Along the way, he meets General Pershing, General MacArthur, and other notable figures. But it is his chance encounter with a French nurse, Marie, that changes his life forever. As they fall in love and marry in Paris, Sam must also navigate the challenges of settling back into civilian life, including participating in the "Bonus Army March" and being caught in the midst of the violent Little Steel Strikes. Through it all, Sam's experiences in war continue to haunt him, making for a powerful and emotional journey.

For fans of historical fiction and war stories like *All Quiet on the Western Front*, and *We Were Soldiers Once and Young*, *Legacy of Honor: The Patriarch* is a must-read

A review by Regina Loveridge summarizes the essence of this Novel:

"If I were still teaching high school, I would recommend this book to my students. The descriptions of fighting in the trenches and the struggles of the soldiers in WWI is amazingly accurate and makes one feel as if he/she can understand what it was like to be there. So much could be learned by anyone reading this book about a war that did not receive the attention lavished on other conflicts. I also appreciated the coverage of the lives of the soldiers after the war. Almost nothing is overlooked with cars, baseball, steel mills, strikes and the bonus army. This journey into the key events of the early 20th century through the eyes of Sam's family and friends is very moving and makes the

history come alive to many who may have previously only read the dry historic accounts of so many pivotal events from our past.”

Brief Biography:

Larry Freeland is a resident of Dawson County, Georgia. He was born in Canton, Ohio and raised across this country. After graduating from College, Larry joined the US Army. He served one tour in Vietnam with the 101st Airborne Division and was awarded several military service medals. Upon leaving the service, he returned to civilian life and pursued a career in the Financial Industry. He was an instructor in the Management and Leadership Development Program with Lanier Technical Colleges, and is now retired and stays involved in various community activities
